# STRONGMIND SM

When it comes to curriculum — don't settle for less

Choose StrongMind for impactful, immersive K-12 digital courses. Why?

They're engaging.

- Based in modern learning science
- Filled with rich media and interactivity
- Opportunities to collaborate with peers
- Authentic project-based learning

They're flexible.

- Support multiple programs and implementations
- Synchronous, asynchronous, and blended learning
- Customizable

They provide data for all stakeholders.

- Dynamic and targeted feedback for learners
- Real-time insights to personalize learning and guide data-driven instructional decisions
- Reports that show progress and performance for parents, guardians, and mentors

They support all students.

- Opt-in scaffolds
- Multiple opportunities to apply and practice
- A variety of ways to demonstrate mastery
- Settings to personalize learning

They include robust teacher support.

- Tailored around the unique content of each course
- Course level and activity-specific resources
- Lesson plans for small and large group collaboration
- Suggestions for remediation

Content how you need it.

- Our LMS or your LMS
- Interoperability and integrations
- Instruction from your local teachers, our highly qualified, certified teachers, or a combination of both

Our courses are Digital Promise certified and standards-aligned. Thousands of students, teachers, and administrators thrive with StrongMind. You can too.
